

Curbside Creativity Pack: Book Page Bracelets

#IgniteAtHEPL

Provided Materials

- Instruction sheet
- Paper bead template
- Old book pages
- String
- Plastic beads
- Toothpicks

Other Needed Materials

- Scissors
- Glue

Instructions

1. Looking at the enclosed bead template, decide what shape you want your bead to be and cut out that template. Experiment combining different shapes together.
2. Place the template on the book page, trace and cut out. Pay attention to the direction of the words. You may even want to experiment on where you want to cut so certain words show.

3. Take your cut pieces of pages and roll them around the included toothpick like the photo.

paper where you are starting to the paper, put a little more glue. the toothpick and let glue set.

Put a little glue on the end of the roll . When you're almost to end of Roll the rest of the way, and remove

4. You can seal your beads by brushing on some mod podge or a little white glue mixed with water but it's not necessary.

5. Once your beads dry, string them onto the enclosed string. Alternate with the plastic beads if you want.
